

Appeal

Stop BAYER and MONSANTO! Act together now!

We are calling on everyone who is critical towards MONSANTO: all affected people, victims and activists.

We, the international network of the Coordination against BAYER Dangers (Coordination gegen BAYER-Gefahren, CBG), have worked on a voluntary basis since 1978. We scrutinise BAYER's worldwide actions. We contribute to the coordination of resistance and protest all over the world. We support affected people and document the downsides of the conglomerate's profits.

BAYER wants to take over MONSANTO. Therefore, it is time for all of us to work and act together.

We will not wait until the deal is cut-and-dried. We want to connect with you now. Your demands are our demands. Send us your information, contacts, photos and stories.
